 Belle de Nuit - Chandelier 56 luces - verde

Collection: BELLE DE NUIT
Mounting: Chandelier

Environment: Belle de Nuit is a special plant. During the night, its petals seem to reflect the moonlight, and take on the magical property of glowing in the dark. The flower opens in the evening which is why it is also known in English as the four o'clock flower. It has a multitude of colors and mottled flowers with countless nuances. When the plant matures, its colors change and a yellow flower becomes a deep pink while a white flower becomes violet.
